

# At this time, **WE ARE OPEN** for Takeout only

Royal Jasmine Thai Restaurant will not open Monday, May 11, despite Arizona Gov. Doug Ducey's permission to operate restaurants at a limited capacity. We will continue to offer Takeout service only.

We are not ready to open our dining room just yet. We consider our staff and customers family; When we open, we want to feel 100% certain and right now we are still developing a plan to keep our staff and customers safe.

As Arizona begins to ease restrictions on the closure of local businesses, we are going to take additional time to review our operations and ensure we have necessary precautions in place to protect our customers and staff before we reopen our dining room. In the meantime, you can still enjoy our food through our takeout, and you can take advantage of contactless ordering and payment through "Toast Takeout" app and online ordering from our website at [www.royaljasmineaz.com](http://www.royaljasmineaz.com).

Royal Jasmine Thai Restaurant puts the health of customers and staff first and continue to adopt the precaution from CDC and Arizona Department of Health Services (AZDHS) guidelines.
